

LAW . COMMUNICATION . DEVELOPMENT

APS 330 Workshop – Thursday 17 July 2008 – 9am - Sydney
Capital Adequacy - Public Disclosure of Prudential Information

Are you ready for APS 330? From September APS 330 will require you to post prudential information on your website – on capital, capital adequacy and credit risk.

APS 330 - part of Pillar III of the Basel II framework – means a new level of public scrutiny of your business, its risk profile and performance. Getting your disclosure right will be crucial for how you present your organisation to the market and regulators.

The workshop will cover:

- The obligations of credit unions and other ADIs under APS 330
- The content of the public disclosure to be made on a credit union website
- Grey areas e.g. definitions of proprietary and confidential information; materiality.

Some ADIs may be concerned about public disclosure and ‘advertising’ the quality of your business. But APS330 may also offer opportunities – to demonstrate strengths in capital provisioning and delinquency performance relative to other ADIs.

APS 330 will require quarterly and annual disclosures for the period ending 30 September 2008 – with your first prudential information disclosures to be posted on your website within 40 days.

- Cost: \$330 (inclusive of GST) – including policy and disclosure templates
- Venue: Sydney CBD - to be confirmed (subject to delegate numbers)
- Time: Thursday 17 July 2008 from 9am to 11am followed by morning tea
- Can't Attend? The policy and disclosure templates are available for \$330 incl GST.

To register: email ‘mark@swivel.net.au’ or call 0407-875398.
